

Registration now open for the 2022 Hnatyshyn and the Louise and Frank Nieboer lecturers

Heart & Stroke, the Canadian Partnership for Stroke Recovery, and the Canadian Stroke Consortium are proud to announce that Janice Eng, PhD, PT is to deliver the 2022 Hnatyshyn Lecture, and lived experience advocate Ms. Angela Wright is to give the Louise and Frank Nieboer Lecture. Please join us to celebrate the achievements of these two outstanding individuals!

Canada's two most prestigious and impactful annual stroke lectures will take place at this year's Atlantic Canada Stroke Conference, which will be held October 21, 2022, in Prince Edward Island. The lectures will also be offered in a virtual format.

To register for the lectures:

1. [Click here.](#)
2. Click on **Start Your Registration.**
3. Complete all contact details information on the next page.
4. When complete, click **Next** to get to the next page.

6. Click **Next** and **Complete Booking.**

We encourage you to also register for the full Atlantic Stroke Conference to ensure you are on top of all the latest evidence and trends in stroke prevention, acute management and recovery. More information on the Atlantic Stroke Conference can be [found here.](#)

Janice Eng, PhD, PT has been selected by her peers as the 2022 Ramon J. Hnatyshyn Lecturer in stroke. She is currently a Professor of Physical Therapy at the University of British Columbia and the Director of the Rehabilitation Research Program, GF Strong Rehab Centre.

She is recognized for driving a high calibre research agenda in the field of stroke rehabilitation and recovery that has directly changed and improved rehabilitation for people with stroke in Canada and around the world. Her leadership is distinguished in the stroke rehabilitation community and her mentorship of future generations of stroke rehabilitation experts has secured a strong future where her work will continue to thrive

Lived Experience advocate Angela Wright of British Columbia has been named the Louise and Frank Nieboer Lecturer. Ms. Wright was nominated by her peers and by members of several organizations where she volunteers her time. She is respected for her highly impactful efforts in being an activist who truly embodies the spirit of this award, always looking for opportunities to promote the views and interests of people living with stroke and driving improvements in care, support and recovery.

More information about our Lecturers Janice Eng and Angela Wright can [be found here](#).
